SEABROOK DESIGNS

WARRANTY & DISCLAIMERS

Carefully examine your order for color, design, quantity, or imperfections before cutting. The highest quality wallpaper and inspection is employed in the production of the wallpapering, but final inspection and approval are the ultimate responsibility of the consumer. Prior to cutting when wallpapering or fabric we recommend that all material be in your possession. Claims against wallpapering and/or fabric will not be accepted after cutting and/or hanging. If you also order extra fabric, do not hang wallpapering and fabric can be compared for color. We will replace all defective merchandise with new wallpapering of equal value through our retailer but will not be responsible for labor cost. Color changes that occur in circulation due to chemicals (bleach, paint), additional paint, improper wall preparation or peeling over old wallpapering are not covered in the warranty. We also suggest that prints and special dyes should be matched to select fabric and wallpapering, not samples.

WALLCOVERING RETURN POLICY

Full uncut rolls of wallpapering in unopened factory packages may be returned within 30 days of purchase, subject to a 25% handling charge.
