WALLCOVERING WARRANTY & DISCLAIMERS
Carefully examine your order for color, design, quantity, or imperfections before cutting. The highest quality workmanship and inspection is employed in the production of the wallcovering, but final inspection and approval are the ultimate responsibilities of the consumer. Prior to cutting either wallcovering or fabric we recommend that all material be in your possession. Claims against wallcovering and/or fabric will not be accepted after cutting and/or hanging. If you also order companion fabric, do not hang wallcovering until fabric can be compared for color. We will replace all defective merchandise with new wallcoverings of equal value through our retailer but will not be responsible for labor cost. Color changes (hot spots) or discoloration due to unneutralized plaster, additional paste, improper wall preparations or papering over old wallcoverings are not covered in the warranty. We also suggest that paints and special dyes should be matched to actual fabrics and wallcoverings, not samples.

WALLCOVERING RETURN POLICY
Full uncut bolts of wallcoverings in unopened factory wrappers may be returned within 30 days of purchase, subject to a 25% handling charge
